

PRESS RELEASE

Trescal Canada to showcase calibration expertise at the CANSEC 2018

Montreal, May 17, 2018

Trescal Canada will be showcasing its capabilities in the defense sector during the CANSEC trade show, which will take place on **May 30 and May 31st, 2018 in Ottawa.**

The CANSEC is one of Canada's biggest Defense & Security trade show, welcoming more than 11 000 attendees and government officials every year.

Trescal Canada who is now a member of **the Canadian Association of Defense and Security Industries (CADSI)** will be presenting its range of services for the test and measurement instrument in particular its skills and experience for the aeronautic and defense sector.

Trescal Canada combines one site in Montreal and two in Toronto employing altogether 51 people to the service of various industrial sectors, including the Aeronautic, Automotive and Defence industries.

With this first participation in the CANSEC trade show 2018, Trescal Canada highlights its proximity to customers and the ability to offer a broad range of services to meet the needs of the industry.

Pierre Tetrault, President of Trescal Canada states: *"I am convinced that we will be able to bring our expertise to the other members, as Trescal is the only metrology supplier with a global presence, as well as having a large experience and knowledge in the field of defense ."*

For further information about Trescal, please visit www.trescal.com or **visit booth 117, where Trescal will be participating at the CANSEC in Ottawa on May 30 and May 31st, 2018.**
