

PRESS RELEASE

TRESCAL TO SHOWCASE CALIBRATION EXPERTISE AT THE SINGAPORE AIRSHOW 2018

Singapore, January 2018. Trescal, world leader in calibration services, will be showcasing its capabilities in the aerospace sector to major industrial players during the **Singapore Airshow from February 6-11, 2018.**

Located on Stand 'E23' the Trescal team will be on hand to speak with show delegates about its multi-domain skills for the aerospace sector which include: CMM Measurements, Dimensional, Electrical, Flow, Force/Torque, Mass, Pressure/Vacuum, Temperature and Volume.

Supporting aerospace manufacturers around the world, Trescal is globally positioned to serve customers wherever they are located; ensuring a responsive and flexible service.

Visitors to the stand can also learn firsthand about Trescal's recent investment in Malaysia with the acquisition of Pyrometro bringing 4 additional accredited laboratories to its South East Asia network.

Established in Singapore since 2011, today Trescal can serve its customers through a network of 7 accredited calibration laboratories.

Jimmy Evans, General Manager for Trescal in Asia, said: *"Our presence at the Singapore Airshow 2018 gives us the opportunity to present our metrology expertise and broad range of skills through a unique One-Stop-Shop offer to international and regional aeronautic industries."*

For further information about Trescal please visit www.trescal.com or visit **Stand E 23** where Trescal will be participating in the Singapore Airshow February 6-11, 2018.

ABOUT TRESICAL

Global specialists in calibration Trescal provide a broad range of services for the test and measuring equipment market. Trescal is represented in 22 countries, Austria, Belgium, Brazil, Canada, Czech Republic, Denmark, Germany, France, Luxembourg, Italy, Malaysia, Mexico, Morocco, Romania, Singapore, Spain, Sweden, Switzerland, The Netherlands, Tunisia, United-Kingdom and United-States. Supplementing the standard technical services (verification calibration and repair of T&M instruments), Trescal offers its expertise for the implementation and acquisition of measurement systems, customised equipment pool management software solutions, metrology and technical support, and training. Trescal operates in +115 calibration laboratories and employs over 3,000 people across the world. Trescal services 25,000 customers in various sectors such as Defence, Aerospace, Aeronautics, Automotive, Power Generation & Utilities, Electronics Manufacturing, Communications and Medical & Chemistry. Trescal's Pro-forma sales rises to 280M €. In 2016, Trescal was presented with the Frost & Sullivan Award for Competitive Strategy Innovation and Leadership.
