

PRESS RELEASE

TRESCAL IS PREFERRED SUPPLIER TO GUILDLINE INSTRUMENTS

Paris, September 18th, 2017.

GUILDLINE the world-leader in designing and manufacturing precise standards and instruments for electrical DC/LF measurements, have chosen **Trescal**, the worldwide specialist in calibration services as **Preferred Supplier in Europe and Africa**.

This agreement recognizes Trescal's expertise in metrology and maintenance.

Trescal will perform **calibration and repair services on Guildline instruments** in compliance with procedures drawn up by GUILDLINE, accreditation rules and international standards.

The agreement which took effect on January 1st is valid for a period of 3 years.

“Guildline Instruments has been designing and manufacturing world-leading electrical measurement instruments and standards for over 60 years; and Trescal has been delivering world-class calibration and repair services for over 35 years. This Agreement allows both Companies to provide Guildline and Trescal customers with the best in class calibration and repair services .” Richard Timmons, P.Eng, President, Canada

“This new partnership with one of the major and best in class supplier of electrical measuring equipment testifies of the excellence of our laboratories and guarantees high quality services for Guildline products” says Francis, Richard, CTO Trescal.

ABOUT TRESICAL

Trescal, international specialist in calibration provides a broad range of services for the test and measuring equipment market. Trescal are represented in 21 countries: Austria, Belgium, Brazil, Canada, Czech Republic, Denmark, France, Germany, Italy, Luxemburg, Mexico, Morocco, Singapore, Spain, Sweden, Switzerland, the Netherlands, United Kingdom, United States, Romania and Tunisia. Supplementing the standard technical services (verification, calibration and repair of T&M instruments), Trescal offer their expertise for the implementation and acquisition of measurement systems, customized equipment pool management software solutions, metrology and technical support, and training. Trescal operate in +90 owned calibration laboratories and employ over 2,400 people across the world. Trescal service 35 000 customers in various sectors such as Defense, Aerospace, Aeronautics, Automotive, Power Generation & Utilities, Electronics Manufacturing, Communications and Medical & Chemistry. Trescal's Pro Forma sales reach +235 million Euros.
