

PRESS RELEASE

TRESCAL ANNOUNCES THREE ACQUISITIONS IN BELGIUM, FRANCE AND BRAZIL

Paris, January 15th, 2019. Trescal, the international specialist in calibration services, announces the acquisitions of **LBT Testing and Calibration**, near Brussels (Belgium); **C2M** in Rouen (France); **Metrology** in Vitoria (Brazil). These acquisitions will add circa €3m turnover to the Group.

Founded in 1992 in Louvain-la-Neuve, near Brussels, **LBT** provides in-house and on-site BELAC accredited calibration services as well as validation services to the Life Sciences Industry and employs 16 people. Its technical expertise covers climatic, carbon dioxide incubator calibration, humidity and temperature. The manager Roland Platteau will remain with Trescal to pursue the development and the integration of the company within Trescal Group.

Metrology, based in Vitoria, is one of the two private owned laboratories delivering accredited calibration in the state of Espirito Santo and employs 8 people. This acquisition expands Trescal's technical and geographical footprint and consolidates the group's leadership over the Brazilian metrology services marketplace. Filippe Aderne Maia who currently runs the company will remain in his position.

The **C2M** team of 4 people integrates the Trescal Rouen branch bringing their expertise in electrical, temperature, humidity and pressure calibration as well as their know-how in first level repair.

These are the 9th, 10th and 11th acquisitions since the change of ownership to Omers in April 2018.

ABOUT TRESICAL

Trescal, international specialist in calibration provides a broad range of services for the test and measuring equipment market. Trescal are represented in 22 countries: Austria, Belgium, Brazil, Canada, Czech Republic, Denmark, France, Germany, Italy, Luxemburg, Malaysia, Mexico, Morocco, Singapore, Spain, Sweden, Switzerland, the Netherlands, United Kingdom, United States, Romania and Tunisia. Supplementing the standard technical services (verification, calibration and repair of T&M instruments), Trescal offer their expertise for the implementation and acquisition of measurement systems, customized equipment pool management software solutions, metrology and technical support, and training. Trescal operate in 135 owned calibration laboratories and employ over 3,550 people across the world. Trescal service 50 000 customers in various sectors such as Defence, Aerospace, Aeronautics, Automotive, Power Generation & Utilities, Electronics Manufacturing, Communications and Medical & Chemistry. Trescal's Pro Forma sales reach 325 million Euros.
